GUTTER WEDGE & SCOOP

FRESH MADE IN THE USA PRODUCTS FOR RETAILER

GAIM
ENGINEERING, INC.

Plantopia
the ultimate eco-friendly hanging basket

ecoturf
MIDWEST INC.

G.A.I.M. Engineering Inc. was started in 1989 and specializes in durable good items made from **100% recycled plastics**. G.A.I.M. molds, invents, and creates products for categories such as home goods, communication, mass transit, and pest control. This family-owned company also aides with consulting, distribution, mold/tool design, assembly and secondary operations as a value added service for all of its clients. With the launch of the Plantopia, the ultimate eco-friendly line of hanging baskets, our clever gutter products, the downspout Wedge and Scoop, and biodegradable stake line, **G.A.I.M.** produces useful products that carry high value, with a keen focus on the environmental footprint.

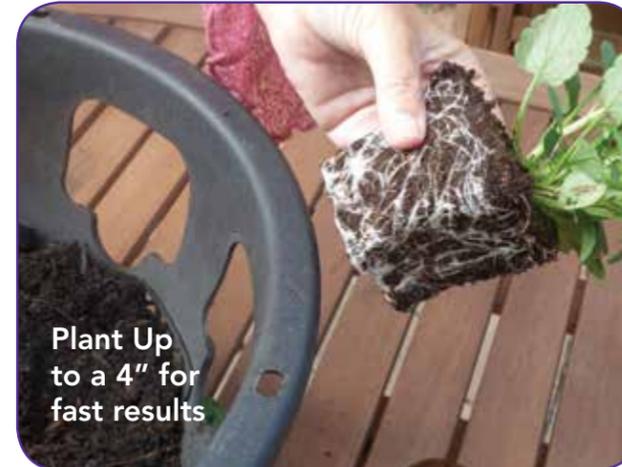

It is the high-quality, durable goods made in the U.S.A. from 100% recycled plastics that makes G.A.I.M Engineering so successful.

G.A.I.M. Engineering prides itself on several pillars that create its foundation:

- Family-owned, Family-focused – many of its employees have worked for over 20 years. *They have become just like family.*
- Skip Glatt started working in the injection molding industry in 1965. In 1989, he formed his own business in the back of a friend's machine shop with one machine. He has grown the company over the years and his son Ed is poised to continue the family business into the future.
- **G.A.I.M. was founded upon the principle of utilizing recycled plastic to make quality goods.** Contributing positively to the environment by taking someone else's scrap to make quality parts is what G.A.I.M. has excelled at since 1989.

The Ultimate

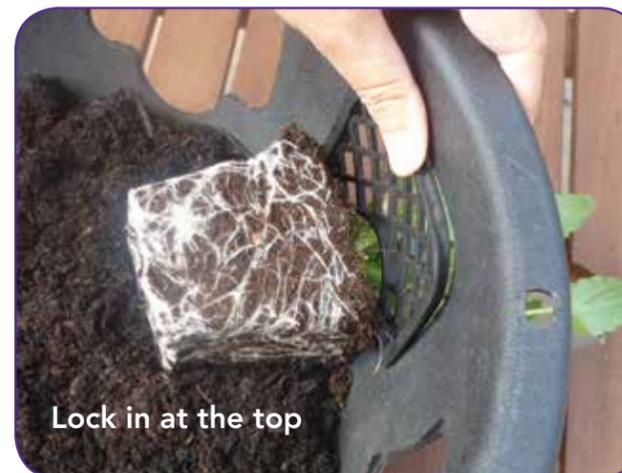

Hanging Basket

Plant Up to a 4" for fast results

Snap panels in

Lock in at the top

PLANTOPIA IS THE ULTIMATE HANGING BASKET AND THIS IS WHY...

THE PROFESSIONAL'S SECRET TO MASSIVE DISPLAYS IS SIDE PLANTING

ONCE ALL THE SIDE PANELS ARE PLANTED THE POP OUT GATES HOLD THE MATURE PLANTS IN PLACE. THE PLANTOPIA GROWS AGGRESSIVELY DUE TO PLANTING MATURE PLANTS AND ONCE ESTABLISHED THE ENTIRE BASKET GETS COVERED IN A GLOBE OF COLOR.

RESULTS LIKE THIS USED TO BE ONLY ACHIEVED BY THE PROFESSIONAL.

NOT ANYMORE.....

STRAWBERRIES TOO

FULL FLORAL COVERAGE
YEAR AFTER YEAR
Plantopia

VERSATILITY, QUALITY AND RETAIL READY - PLANTOPIA OFFERS A FRESH AND NEW HANGING BASKET. THREE SIZES AND THREE RETAIL PRICE POINTS TO APPEAL THE HARD CORE GARDENER OR BEGINNER.

12" Traditional
P-241-12-RTL

14" Traditional
P-241-14-RTL

18" Fence and Deck Planter
P-241-18-RTL

This innovative hanging basket helps you create impressive hanging displays with designer quality drama.

Each basket features six to eight openings with gates so flowers can grow from the sides as well as the top; the professional's secret. Create large displays of flowers, herbs or tomatoes.

With Plantopia, you can grow a mixed basket with one type growing from the top and other types growing from the side openings. Plantopia comes with a sturdy hanging chain and clear instructions.

12" model with 6 removable panels
14" model with 8 removable panels
18" deck planter with 5 removable panels

Made from 100% recycled materials and will last year after year.

Plantopia Production Capacity

Based on current production shift structure we can manufacture:

9,000 units per week

By adding more equipment, molds, shifts and labor we could create new tooling in 8 weeks and increase production to 2-3 times in weekly output to meet market demand.

We are in it for the long haul and are serious about creating a hanging basket brand that consumers will turn to year after year.

MERCHANDISING OPTIONS WITH EYE CATCHING PURPLE DESIGNED TO STAND OUT IN A GARDEN DEPT. FLOOR POP DISPLAYS AND A BANNER WRAPPER FOR EASY SHELF MERCHANDISING, OR GROW AND SELL FOR EVEN BIGGER PROFITS.

THIS MOVEMENT
TO GROW NATURAL
FOODS!

Plantopia Key Features

- Fast Growth for big displays in 3-6 weeks
- Allows up to 4" mature cell to be planted
- Removable gates allow you to plant 360 degrees around the side of the pot
- No more cutting holes to plant out the sides
- 1" water well in the bottom for better moisture retention
- Heavy duty t-hook style chain included
- Allows the DIY customer to grow like a professional
- Great upsell item to sell more flats of plants, soil, and plant food
- Durable reusable container
- Eco-friendly, made out of recycled plastic
- So easy anyone can use the product
- All sizes include a 12", 14" or 18" basket with all hardware included
- Made in the USA and UK

Plantopia

the ultimate eco-friendly hanging basket

Professional grade quality degradable stakes now available for the DIY customer.

With up to 6 times the holding power of metal staples, fewer stakes per square yard may be used in gardens to hold weed barriers, sod and grass blankets.

THE SECRET IS IN THE SCIENCE

Our mission to be an environmentally-friendly company is twofold. Our plastic-based stakes use 100% recycled resins. Basically, we take others' scrap and convert it into a quality product for consumers.

Our products are degradable, utilizing new technologies to convert plastic into all-natural by-products. Our Ecoduty line are all tested and compliant with ASTM D6954 Oxo-Biodegradability standard and proven to perform.

ecostaker

Ecostaker is designed to take the strain out of stake installation

- Secure sod, landscape fabrics, natural ECBs with ease.
- Mount tool onto broom handle
- Super lightweight design to avoid fatigue
- Easy, manual load for jam free design
- Labor saving design
- Recommended only for the 4" Ecoduty in tough or tilled soil conditions, (sold in a kit with the 4" Ecoduty)

Biodegradable ALTERNATIVE to Metal Stakes and Pins, Introducing...

ecoduty

The Ecoduty 4 & 6" stakes have three to six times the holding power of metal staples. Designed and engineered with multiple soil holding ribs, these points of contact collect soil, thereby securing themselves firmly in the ground. The increased pullout force required to remove the stakes from the ground means consumers may be able to use fewer stakes per square yard and will not come out of the ground during the winter months.

ecoturf

Ecoduty Degradable Stake **ENP-3.5**

Ecoduty Degradable Stake **EDS-4D**

Ecoduty Degradable Stake **EDS-6D**

Ecoduty 3.5" Degradable Econet Peg or 4" Ecoduty Stake

Available on a clip strip for impulse buys merchandised near sod, blanket displays or weed fabrics.

ENP-48-CLIP
